

Warm Tiles™ FG and FGS Thermostats

Floor Warming. For Residential and Commercial Applications.

Product Overview

- Warm Tiles™ floor warming thermostats are designed to offer precise temperature control for all Warm Tiles™ floor warming systems.

Applications

- Monitors and regulates the warmth of Warm Tiles™ heated floors.

Features

- FGS programmable thermostat cycles on and off automatically to suit 5/2 or full 7 day schedules.
- FG non-programmable thermostat for manual operation with a simple temperature adjustment and on/off switch.
- Thermostats have dual 120/240 Vac design and control loads up to 15 Amps total system current.
- Integrated GFCI meets NEC/CEC electrical code with no need to buy and install a separate GFCI on systems under 15 amps.
- Responsive buttons and intuitive feedback simplify operation.
- Large, easy to read, backlit LCD display.
- Eighteen month limited warranty.

Certifications

- CSA Certified to US and Canadian Standards.

Notes

- Thermostats are designed for indoor use only and should not be installed in areas where it can be exposed to water or rain.
